**Learning difficulties:** It is vital that teachers are aware of any learning difficulties your child may have, e.g. Dyslexia, Autism etc. in order to provide the best possible teaching methods for your child's needs.

**Medical/Injury Information:** The responsibility lies with the parent/guardian as to the fitness of the child to attend class and you must inform the school if your child has an injury or medical condition e.g. Asthma which may affect his/her ability to perform in class

## Permission for use of student photographs & video: Background Information

When you give permission (or otherwise) for the external use of photographic and video materials, you are consenting to the following:

### School Show

In order for the school to provide families with memorable footage of our main school shows (held approx. every 3 years), a reputable person/company is arranged to produce DVD's/photographs. In this case, the school will ensure a Disclosure Scotland certificate, is applied and authorised before the event takes place.

### Other Events

The school is often asked to provide dancers for charity events, entertainment, family fun nights and many more. There are often press photographers and reporters present, who may publish a story and/or photographs of our students.

### Publicity

We use photographs of students within our school website & advertising posters to give context and ensure relevance to the school's work and activities.
